

Remarks/Arguments:

This is a reply to the Notice of Drawing Inconsistency with Specification mailed September 19. The notice correctly observes that claims 6 - 9 are not listed in the description.

In a prior action, the drawings were objected to for not showing the various pin shapes recited in claims 8 - 11. On March 2, we submitted sectional views (Figs. 6 - 9) to support these claims. No new matter was added, the matter having been described in the original claims and in the paragraph at page 6, lines 7 - 13 of the international application which is now this application. The examiner accepted the new drawings in the office action of May 3, 2007.

Conforming corrections to the description are made above.

Respectfully submitted,

/Charles Fallow/
